

0	3 bergs
<div> <div>The water level in the first two tubs stays the same and in the third gets lower.</div> <div>The water level will get higher on the third one and the first and second remain the same.</div> </div>	

8	What will happen if we put the ice cube with the spike at the top and what will happen at the bottom?
<div> <div>The water level won't change.</div> <div>Yes, because it's heavy</div> </div>
